You want to try your hand at being a pro/paid GM? This is what you should know before you try!

- Average rate
  - \$5 - \$20 per player per game of 3+ hours.
- You need maps tokens, minis, music etc. for your games.
- Important to remember that you are moving from being a regular GM to being an entertainer GM.
  - Your skills and abilities are there for the entertainment of the players.
- You need rules
  - Which you CANNOT break for anyone.
- There must be a start and a finish.
  - Is that including or excluding social time?
- Outside of game chat
  - How much time will you allocate for player chat?
- You need to know:
  - The rules
  - The setting
  - The lore
  - The expectations of the game
- GM ranking TM
  - This will be a thing as the profession grows – how else so you know if you're getting the best?
- Be realistic!
